Atlanta, GA 30308-3210

Independent Auditors' Report

The Board of Trustees
Teachers Retirement System of Georgia:

We have audited the accompanying schedule of employer and nonemployer allocations of the Teachers Retirement System (the System) as of and for the year ended June 30, 2021, and the related notes. We have also audited the total for all entities of the columns titled net pension liability, total deferred outflows of resources, total deferred inflows of resources, and total pension expense (benefit) (specified column totals) included in the accompanying schedule of pension amounts by employer and nonemployer of the System as of and for the year ended June 30, 2021, and the related notes.

Management's Responsibility for the Schedules

Management is responsible for the preparation and fair presentation of these schedules in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the schedules that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on the schedule of employer and nonemployer allocations and the specified column totals included in the schedule of pension amounts by employer and nonemployer based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the schedule of employer and nonemployer allocations and specified column totals included in the schedule of pension amounts by employer and nonemployer are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the schedule of employer and nonemployer allocations and specified column totals included in the schedule of pension amounts by employer and nonemployer. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the schedule of employer and nonemployer allocations and specified column totals included in the schedule of pension amounts by employer and nonemployer, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the schedule of employer and nonemployer allocations and specified column totals included in the schedule of pension amounts by employer and nonemployer in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the schedule of employer and nonemployer allocations and specified column totals included in the schedule of pension amounts by employer and nonemployer.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the schedules referred to above present fairly, in all material respects, the employer and nonemployer allocations and net pension liability, total deferred outflows of resources, total deferred inflows of resources, and total pension expense (benefit) for the total of all participating entities for the System as of and for the year ended June 30, 2021, in accordance with U.S. generally accepted accounting principles.

Other Matter

We have audited, in accordance with auditing standards generally accepted in the United States of America, the financial statements of the System as of and for the year ended June 30, 2021, and our report thereon, dated September 30, 2021, expressed an unmodified opinion on those financial statements.

Supplementary and Other Information

The schedule of employer allocations of special funding amounts and schedule of special funding amounts by employer have not been subjected to the auditing procedures applied in the audit of the schedule of employer and nonemployer allocations and schedule of pension amounts by employer and nonemployer and accordingly, we do not express an opinion or provide any assurance on them.

Restriction on Use

Our report is intended solely for the information and use of System management, the Board of Trustees, the System employers, the State of Georgia, and their auditors and is not intended to be and should not be used by anyone other than these specified parties.

TEACHERS RETIREMENT SYSTEM OF GEORGIA

Notes to Schedule of Employer and Nonemployer Allocations and Schedule of Pension Amounts by Employer and Nonemployer

June 30, 2021

(1) Plan Description

The Teachers Retirement System of Georgia (the System) was created in 1943 by an act of the Georgia Legislature (the Act) to provide retirement benefits for teachers who qualify under the Act. The System administers a cost-sharing, multiple-employer defined benefit pension plan as defined in Governmental Accounting Standards Board (GASB) Statement No. 67, *Financial Reporting for Pension Plans*.

The System provides service retirement, disability retirement, and survivor's benefits. Title 47 of the *Official Code of Georgia Annotated (O.C.G.A.)* assigns the authority to establish and amend the provisions of the System to the State Legislature. A member is eligible for normal service retirement after 30 years of creditable service, regardless of age, or after 10 years of service and attainment of age 60. A member is eligible for early retirement after 25 years of creditable service.

Normal retirement (pension) benefits paid to members are equal to 2% of the average of the member's two highest paid consecutive years of service, multiplied by the number of years of creditable service up to 40 years. Early retirement benefits are reduced by the lesser of one-twelfth of 7% for each month the member is below age 60, or by 7% for each year or fraction thereof by which the member has less than 30 years of service. It is also assumed that certain cost-of-living adjustments, based on the Consumer Price Index, may be made in future years. Retirement benefits are payable monthly for life. A member may elect to receive a partial lump-sum distribution in addition to a reduced monthly retirement benefit. Options are available for distribution of the member's monthly pension, at a reduced rate, to a designated beneficiary upon the member's death.

(2) Basis of Presentation

The Schedule of Employer and Nonemployer Allocations and Schedule of Pension Amounts by Employer and Nonemployer (collectively, the Schedules) present amounts that are elements of the financial statements of the System, its participating employers, or the State of Georgia as a nonemployer entity. Accordingly, they do not purport to be a complete presentation of the financial position or changes in financial position of the System, its participating employers, or the State of Georgia. The amounts presented in the Schedules are prepared in accordance with U.S. generally accepted accounting principles. Such preparation requires management of the System to make a number of estimates and assumptions relating to the reported amounts. Due to the inherent nature of these estimates, actual results could differ from those estimates.

(3) Allocation Methodology

GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, (GASB Statement No. 68) requires participating employers and nonemployers in the System to recognize their proportionate share of the collective net pension liability, collective deferred outflows of resources, collective deferred inflows of resources, and collective pension expense (benefit). The employer allocation percentages presented in the Schedule of Employer and Nonemployer Allocations and applied to amounts presented in the Schedule of Pension Amounts by Employer and Nonemployer are based on the ratio of each employer's and nonemployer's contribution to the System's total employer and nonemployer contributions during the measurement period July 1, 2020 through June 30, 2021. Contributions from the employers and nonemployer contributing entities are recognized when due, based on statutory requirements.

TEACHERS RETIREMENT SYSTEM OF GEORGIA

Notes to Schedule of Employer and Nonemployer Allocations and Schedule of Pension Amounts by Employer and Nonemployer

June 30, 2021

A reconciliation of total contributions presented in the schedule of employer and nonemployer allocations to those reported in the System's statement of changes in fiduciary net position for the year ended June 30, 2021 is as follows (amounts in thousands):

Total current year employer and nonemployer contributions per schedule of employer and nonemployer allocations	\$ 2,479,871
GSEPS Transfers to TRS	618
Prior year contribution adjustments	2,759
Prior service purchases	10,463
State revenue appropriations	137
Transfers from other retirement systems, net	1,485
Miscellaneous	194
Total employer and nonemployer contributions per audited financial statements	<u>\$ 2,495,527</u>

(4) Collective Net Pension Liability

The components of the collective net pension liability of the participating employers and nonemployer at June 30, 2021 were as follows (amounts in thousands):

Total pension liability	\$ 110,991,021
Plan fiduciary net position	102,146,688
Employers' and nonemployer's net pension liability	<u>\$ 8,844,333</u>

Actuarial Assumptions

The collective total pension liability for the June 30, 2021 measurement date was determined by an actuarial valuation as of June 30, 2020, with update procedures used to roll forward the total pension liability to June 30, 2021. The roll forward calculation adds the annual normal cost (also called service cost), subtracts the actual benefit payments and refunds for the plan year, and then applies the expected investment rate of return for the year. This actuarial valuation used the following key actuarial assumptions:

Inflation	2.50%
Salary increases	3.00 - 8.75%, including inflation
Investment rate of return	7.25%, net of pension plan investment expense, including inflation
Post-retirement benefit increases	1.50% semi-annually

Post-retirement mortality rates for service retirements and beneficiaries were based on the Pub-2010 Teachers Headcount Weighted Below Median Healthy Retiree mortality table (ages set forward one year and adjusted 106%) with the MP-2019 Projection scale applied generationally. The rates of improvement were reduced by 20% for all years prior to the ultimate rate. Post-retirement mortality rates for disability retirements were based on the Pub-2010 Teachers Mortality Table for Disabled Retirees (ages set forward

TEACHERS RETIREMENT SYSTEM OF GEORGIA

June 30, 2021

one year and adjusted 106%) with the MP-2019 Projection scale applied generationally. The rates of improvement were reduced by 20% for all years prior to the ultimate rate. The Pub-2010 Teachers Headcount Weighted Below Median Employee mortality table with ages set forward one year and adjusted 106% as used for death prior to retirement. Future improvement in mortality rates was assumed using the MP-2019 projection scale generationally. These rates of improvement were reduced by 20% for all years prior to the ultimate rate.

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of an actuarial experience study for the period July 1, 2013 – June 30, 2018.

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected nominal returns, net of pension plan investment expense and the assumed rate of inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset class	Target allocation	Long-term expected real rate of return*
Fixed income	30.00 %	(0.80)%
Domestic large cap equities	46.30	9.30
Domestic small cap equities	1.20	13.30
International developed market equities	11.50	9.30
International emerging market equities	6.00	11.30
Alternatives	5.00	10.60
Total	<u>100.00 %</u>	

*Net of inflation

Discount Rate

The discount rate used to measure the collective total pension liability was 7.25%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that employer and nonemployer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

TEACHERS RETIREMENT SYSTEM OF GEORGIA

Notes to Schedule of Employer and Nonemployer Allocations and Schedule of Pension Amounts by Employer and Nonemployer

June 30, 2021

Sensitivity of the Collective Net Pension Liability to Changes in the Discount Rate

The following presents the collective net pension liability calculated using a discount rate of 7.25%, as well as what the collective net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.25%) or 1-percentage-point higher (8.25%) than the current rate at June 30, 2021 (amounts in thousands):

	1% Decrease (6.25%)	Current discount rate (7.25%)	1% Increase (8.25%)
Collective net pension liability (asset)	\$ 23,824,290	8,844,333	(3,430,708)

(5) Special Funding Situation

Pursuant to O.C.G.A. §47-3-63, the employer contributions for certain full-time public school support personnel are funded on behalf of the employers by the State of Georgia. These employers are considered to be in a special funding situation as defined by GASB Statement No. 68. Since the employers do not contribute directly to the System, there is no net pension liability, deferred outflows of resources, or deferred inflows of resources to report in the financial statements of the employers. However, the notes to the financial statements must disclose the portion of the nonemployer contributing entities' total proportionate share of the collective net pension liability that is associated with the employer. In addition, each employer must recognize the pension expense (benefit) associated with the employer as well as revenue in an amount equal to the nonemployer contributing entities' total proportionate share of the collective pension expense (benefit) associated with the employer.

(6) Collective Deferred Outflows of Resources and Deferred Inflows of Resources

The following presents a summary of changes in the collective deferred outflows of resources and deferred inflows of resources (excluding employer and nonemployer specific amounts) for the year ended June 30, 2021 (amounts in thousands):

	Year of deferral	Amortization period	Beginning of year balance	Additions	Deductions	End of year balance
Deferred outflows of resources:						
Difference between expected and actual experience	2016	5.2 years	\$ 14,636	—	14,636	—
	2017	5.1 years	123,691	—	112,448	11,243
	2018	5.1 years	368,401	—	175,430	192,971
	2019	5.0 years	258,164	—	86,054	172,110
	2020	4.7 years	290,067	—	78,396	211,671
	2021	4.7 years	—	1,934,042	411,498	1,522,544
Subtotal			1,054,959	1,934,042	878,462	2,110,539
Change of assumptions	2016	5.2 years	25,462	—	25,462	—
	2019	5.0 years	1,433,015	—	477,671	955,344
	2020	4.7 years	1,036,614	—	280,166	756,448
Subtotal			2,495,091	—	783,299	1,711,792
Total deferred outflows of resources			<u>\$ 3,550,050</u>	<u>1,934,042</u>	<u>1,661,761</u>	<u>3,822,331</u>
Deferred inflows of resources:						
Net difference between projected and actual earnings on pension plan investments	2017	5.0 years	627,421	—	627,421	—
	2018	5.0 years	389,462	—	194,730	194,732
	2019	5.0 years	(376,911)	—	(125,637)	(251,274)
	2020	5.0 years	(1,223,409)	—	(305,852)	(917,557)
	2021	5.0 years	—	17,388,575	3,477,715	13,910,860
Subtotal			(583,437)	17,388,575	3,868,377	12,936,761
Total deferred inflows of resources			<u>\$ (583,437)</u>	<u>17,388,575</u>	<u>3,868,377</u>	<u>12,936,761</u>

TEACHERS RETIREMENT SYSTEM OF GEORGIA

Notes to Schedule of Employer and Nonemployer Allocations and Schedule of Pension Amounts by Employer and Nonemployer

June 30, 2021

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows (amounts in thousands):

Year ended June 30:	
2022	\$ (1,720,500)
2023	(1,694,896)
2024	(2,509,369)
2025	(3,189,665)
Total	<u>\$ (9,114,430)</u>

Changes in Proportion

The previous amounts do not include employer and nonemployer specific deferred outflows of resources and deferred inflows of resources related to changes in proportion. These amounts should be recognized (amortized) by each employer and nonemployer over the average of the expected remaining service lives of all plan members which is 5.2 years, 5.1 years, 5.1 years, 5.0 years, 4.7 years, and 4.7 years for 2016, 2017, 2018, 2019, 2020, and 2021, respectively.

7) Collective Pension Expense

The components of collective pension expense for the year ended June 30, 2021 are as follows (amounts in thousands):

Service cost	\$ 1,734,145
Interest on the total pension liability and net cash flow	7,440,942
Member contributions	(817,090)
Projected earnings on plan investments	(5,804,186)
Administrative expense	16,668
Other	(15,656)
Recognition (amortization) of deferred inflows and outflows of resources:	
Difference between expected and actual experience	878,462
Changes of assumptions	783,299
Difference between projected and actual earnings on plan investments	<u>(3,868,377)</u>
Collective pension expense	<u>\$ 348,207</u>

Notes to Supplementary Information Schedules

June 30, 2021

(1) Schedule of Employer Allocations of Special Funding Amounts

The schedule of employer allocations of special funding amounts shows the total State support provided during the measurement period July 1, 2020 through June 30, 2021. The schedule of employer allocations of special funding amounts is included to provide employers with their calculated proportionate share that will be used to recognize pension expense and revenue and to disclose the proportionate share of the collective net pension liability in their respective financial statements.

(2) Components of Schedule of Special Funding Amounts by Employer

(a) State's Proportionate Share of the Net Pension Liability Attributable to Employer

The State's proportionate share of the net pension liability attributable to the employer is equal to the collective net pension liability multiplied by the employer's proportionate share percentage for the fiscal year ending June 30, 2021, as shown in the schedule of employer allocations of special funding amounts.

(b) Employer Pension Expense (Benefit) and Related Revenue

Employers in a special funding situation are required to recognize pension expense (benefit) and revenue for the support provided by the nonemployer contributing entity. Certain employers in the System that have full-time public school support personnel are considered special funding situations, as contributions for those employees are paid by the State. The amounts reported in the column Employer Pension Expense (Benefit) and Related Revenue are calculated for each participating employer by multiplying the collective pension expense (benefit) by the allocation percentage as shown in the schedule of employer allocations of special funding amounts.
