Report on the Audit of the Schedules

Opinions

We have audited the accompanying schedules of employer and nonemployer allocations of the Kansas Public Employees Retirement System Cost-Sharing Multiple-Employer Defined Benefit Pension Plan (KPERS), as of and for the year ended June 30, 2023, and the related notes.

We have also audited the total for all entities of the columns titled net pension liability, total deferred outflows of resources, total deferred inflows of resources, and total employer pension expense as of and for the year ended June 30, 2023 (specified column totals), included in the accompanying schedules of pension amounts by employer and nonemployer of the KPERS, and the related notes.

In our opinion, the schedules referred to above present fairly, in all material respects, the employer and nonemployer allocations and the net pension liability, total deferred outflows of resources, total deferred inflows of resources, and total employer pension expense for the total of all participating entities for KPERS, as of and for the year ended June 30, 2023, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Schedules section of our report. We are required to be independent of KPERS and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Schedules

Management is responsible for the preparation and fair presentation of these Schedules in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of schedules that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibilities for the Audit of the Schedules

Our objectives are to obtain reasonable assurance about whether the schedules of employer and nonemployer allocations and the specified column totals included in the schedules of pension amounts by employer and nonemployer, are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the schedule of employer and nonemployer allocations and specified column totals included in the schedule of pension amounts by employer and nonemployer.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the schedules of employer and nonemployer allocations and the specified column totals in the schedules of pension amounts by employer and nonemployer, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts in the schedules of employer and nonemployer allocations and the specified column totals included in the schedules of pension amounts by employer and nonemployer and the related disclosures.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of KPERs internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the schedules of employer and nonemployer allocations and specified column totals included in the schedules of pension amounts by employer and nonemployer.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the Schedules of Employer and Nonemployer Allocations and Schedules of Pension Amounts by Employer and Nonemployer. The Supplemental Schedules of Employer Special Funding Allocations – State/School Group, Special Funding Amounts by Employer – State/School Group, and Schedules of Net Pension Liability Sensitivities, Deferred Outflows/(Inflows) of Resources by Employer (by plan group), which are the responsibility of management, are presented for purposes of additional analysis and are not a required part of the schedules of employer and nonemployer allocations and schedules of pension amounts by employer and nonemployer. Such information has not been subjected to the auditing procedures applied in the audit of the schedules of employer and nonemployer allocations and schedules of pension amounts by employer and nonemployer, and accordingly, we do not express an opinion or provide any assurance on it.

Other Matter

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of KPERS as of and for the year ended June 30, 2023, and our report thereon, dated October 31, 2023, expressed an unmodified opinion on those financial statements.

Restriction on Use

Our report is intended solely for the information and use of the KPERS's management and Board of Trustees, the State of Kansas, and KPERS's employers and their auditors, and is not intended to be and should not be used by anyone other than these specified parties.

KANSAS PUBLIC EMPLOYEES RETIREMENT SYSTEM
COST-SHARING MULTIPLE-EMPLOYER DEFINED BENEFIT PENSION PLAN

Notes to Schedules of Employer and Nonemployer Allocations and
Schedules of Pension Amounts by Employer and Nonemployer

As of and for the year ended June 30, 2023

(1) Plan Description

The Kansas Public Employees Retirement System (KPERS, or the System) is a body corporate and an instrumentality of the State of Kansas. KPERS is the administrator of a cost-sharing multiple-employer defined benefit pension plan (Pension Plan) as defined in Governmental Accounting Standards Board (GASB) Statement No.67, Financial Reporting for Pension Plans. KPERS financial statements are included in its Annual Comprehensive Financial Report which can be found on the System's website at www.kpers.org.

KPERS provides pension benefits to the following statewide pension groups under one plan, as provided by K.S.A. 74, article 49:

- Public employees, which include:
 - State/School employees
 - Local employees
- Police and Firemen
- Judges

Substantially all public employees in Kansas are covered by KPERS. The State of Kansas and Kansas schools are required to participate, while participation by local political subdivisions is optional but irrevocable once elected.

Benefits

Benefits are established by statute and may only be changed by the Legislature. Members (except Police and Firemen) with ten or more years of credited service, may retire as early as age 55 (Police and Firemen may be age 50 with 20 years of credited service), with an actuarially reduced monthly benefit. Normal retirement is at age 65, age 62 with ten years of credited service, or whenever a member's combined age and years of credited service equal 85 "points" (Police and Firemen normal retirement ages are age 60 with 15 years of credited service, age 55 with 20 years, age 50 with 25 years, or any age with 36 years of service).

Monthly retirement benefits are based on a statutory formula that includes final average salary and years of service. When ending employment, members may withdraw their contributions from their individual accounts, including interest. Members who withdraw their accumulated contributions lose all rights and privileges of membership. For all pension coverage groups, the accumulated contributions and interest are deposited into and disbursed from the membership accumulated reserve fund as established by K.S.A. 74 4922.

Members choose one of seven payment options for their monthly retirement benefits. At retirement, a member may receive a lump sum payment of up to 50% of the actuarial present value of the member's lifetime benefit. His or her monthly retirement benefit is then permanently reduced based on the amount of the lump sum. Benefit increases, including ad hoc post-retirement benefit increases, must be passed into law by the Kansas Legislature. Benefit increases are under the authority of the Legislature and the Governor of the State of Kansas.

The 2012 Legislature made changes affecting new hires, current members and employers. A new cash balance retirement plan (KPERS 3) was created for new hires starting after January 1, 2015. Normal retirement age for KPERS 3 is 65 with five years of service or 60 with 30 years of service. Early retirement is available at age 55 with ten years of service, with a reduced benefit. Monthly benefit options are an annuity benefit based on the account balance at retirement.

For all pension coverage groups, the retirement benefits are disbursed from the retirement benefit payment reserve fund as established by K.S.A. 74 4922.

Contributions

Member contribution rates are established by state law and are paid by the employee according to the provisions of Section 414(h) of the Internal Revenue Code. State law provides that the employer contribution rates be determined based on the results of an annual actuarial valuation for each of the three statewide pension groups. The contributions and assets of all groups are deposited in the Kansas Public Employees Retirement Fund established by K.S.A. 74 4921. Each of the retirement systems are funded on an actuarial reserve basis.

For fiscal years beginning in 1995, Kansas legislation established statutory limits on increases in contribution rates for KPERS employers, which includes the state and the school employers. Annual increases in the employer contribution rates related to subsequent benefit enhancements are not subject to these limitations. The statutory cap increase over the prior year contribution rate is 1.2% of total payroll.

The actuarially determined employer contribution rate and the statutory contribution rates are as follows:

	Actuarial employer rate	Statutory employer capped rate
State employees (1)	10.08%	13.11%
School employees (1)	13.88	13.11
Local government employees	8.43	8.43
Police and Firemen	22.86	22.86
Judges	17.77	17.77

- (1) The State/School subgroups are combined into one group for purposes of determining a contribution rate. Rates shown for KPERS State, School and Judges represent the rates for fiscal year ending June 30. KPERS Local and Police and Firemen rates are calendar year.
- Member contribution rates as a percentage of eligible compensation in fiscal year 2023 are 6.00% for Public Employees, 7.15% for Police and Firemen, and 6.00% or 2.00% for Judges.

(2) Basis of Presentation

The schedules of employer and nonemployer allocations and the schedules of pension amounts by employer and nonemployer (the Schedules) present amounts that are elements of the financial statements of the System or of its participating employers. Accordingly, they do not purport to be a complete presentation of the financial position or changes in financial position of either the System or its participating employers. The amounts presented in the Schedules were prepared in accordance with the accounting principles generally accepted in the United States of America. Such preparation requires management of the System to make a number of estimates and assumptions relating to the reported amounts. Actual results could differ from those estimates.

(3) Employer and Nonemployer Allocations

Although KPERS administers one cost-sharing multiple-employer defined benefit pension plan, separate (sub) actuarial valuations are prepared to determine the actuarially determined contribution rate by group. Following this method, the measurement of the collective net pension liability, deferred outflows of resources, deferred inflows of resources, and pension expense are determined separately for each of the following groups of the plan:

- State
- School
- Local
- Police and Firemen
- Judges

To facilitate the separate (sub) actuarial valuations, the System maintains separate accounts to identify additions, deductions, and fiduciary net position applicable to each group. The allocation percentages presented for each group in the schedule of employer and nonemployer allocations are applied to amounts presented in the schedules of pension amounts by employer and nonemployer. The allocation percentages for each group as of June 30, 2023, are based on the ratio of each employer's contributions to total employer and nonemployer contributions of the group for the fiscal year ended June 30, 2023. The contributions used exclude contributions made for prior service, excess benefits, and irregular payments. The employer allocation percentages have been rounded for presentation purposes. Therefore, use of these percentages to recalculate individual employer amounts presented in the schedules of pension amounts by employer and nonemployer may result in immaterial differences due to rounding.

Receivables

In addition to statutorily determined contractually required contributions, certain agencies also make payments through an additional component of their required employer contribution rate or annual installment payments. Both options include interest at 8 percent per year, for the cost of service credits granted retroactively when the agency initially joined the Retirement System. As of June 30, 2023, the outstanding balance was \$1,667,032. These payments are due over various time periods up through December 31, 2032.

Actuarial Assumptions

The total pension liability was determined by an actuarial valuation as of December 31, 2022, which was rolled forward to June 30, 2023, using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial Cost Method	Entry age normal
Price Inflation	2.75 percent
Salary Increase	3.50 to 12.00 percent, including price inflation
Investment Rate of Return	7.00 percent compounded annually, net of investment expense, and including price inflation

Mortality rates were based on the RP-2014 Mortality Tables, with age setbacks and age set forwards as well as other adjustments based on different membership groups. Future mortality improvements are anticipated using Scale MP-2016.

The long-term expected rate of return on pension plan investments was determined using a building block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage. Best estimates of arithmetic real rates of return for each major asset class as of the most recent experience study, dated January 7, 2020, as provided by KPERS' investment consultant, are summarized in the following table:

Asset class	Long-term target allocation	Long-term expected real rate of return
U.S. Equities	23.50%	5.20%
Non-U.S. Equities	23.50	6.40
Private Equity	8.00	9.50
Private Real Estate	11.00	4.45
Yield Driven	8.00	4.70
Real Return	11.00	3.25
Fixed Income	11.00	1.55
Short-Term Investments	4.00	0.25

Discount Rate

The discount rate used to measure the total pension liability was 7.00 percent. The projection of cash flows used to determine the discount rate was based on member and employer contributions as outlined below.

In KPERS, the Local, Kansas Police and Firemen, and Judges groups are contributing at the full actuarial contribution rate. However, the State/School groups do not necessarily do so.

Based on legislation first passed in 1993, the employer contribution rates certified by KPERS Board may not increase by more than the statutory cap. Subsequent legislation in 2012 set the statutory cap at 0.90 percent for Fiscal Year 2014, 1.00 percent for Fiscal Year 2015, 1.10 percent for Fiscal Year 2016 and 1.20 percent for Fiscal Years 2017 and beyond.

In recent years, the Legislature has made several changes to statutory rates that deviate from the scheduled contribution increases set under the statutorily capped rates.

In 2015, S.B. 4, reduced the previously certified State/School statutory rate from 11.27 percent to 8.65 percent for the last half of Fiscal Year 2015. That same session, S.B. 228 recertified statutory rates to 10.91 percent for Fiscal Year 2016 and 10.81 percent for Fiscal Year 2017 in anticipation of the issuance of \$1.0 billion in pension obligation bonds.

Legislation in the 2016 session (S.B. 161) provided for the delay of up to \$100.0 million in State and School contributions to the Retirement System for Fiscal Year 2016. Concurrently, 2016 H. Sub for S.B. 249 provided that the delayed contributions would be paid in full, with interest at 8.00 percent, by June 30, 2018. However, legislation passed by the 2017 Legislature removed the repayment provision. In addition, 2017 S. Sub for H.B. 2052 delayed \$64.0 million in Fiscal Year 2017 contributions, to be paid over 20 years in level dollar installments. The first-year payment of \$6.4 million was paid in full at the beginning of Fiscal Year 2018, and appropriations for Fiscal Year 2018 were made for the State/School group at the statutory contribution rate of 12.01 percent for that year.

Additional legislation in the 2017 Session (S. Sub for H.B. 2002) provided for a reduction of \$194.0 million from the previously certified contribution rate of 13.21 percent in the State/School contributions for Fiscal Year 2019. Like the Fiscal Year 2017 reduction, it is to be paid back over a 20-year period, beginning in Fiscal Year 2020. Therefore, both reductions will be accounted for as receivables by the System.

The 2018 Legislature passed H. Sub for S.B. 109 that provided additional contributions to the school group of \$56.0 million in Fiscal Year 2018 and \$82.0 million in Fiscal Year 2019.

The 2019 Legislature passed S.B. 9 that provided additional contributions to the school group of \$115.0 million in Fiscal Year 2019. H. Sub for S.B. 25 from the 2019 Legislative session authorized additional funding for the KPERS School Group in Fiscal Year 2020 of \$51.0 million.

The 2021 Legislature passed H.B. 2405, which authorizes the state of Kansas to issue bonds with net proceeds of \$500.0 million to fund a portion of the School's unfunded actuarial liability. S.B. 159 recertified the State/School contribution rates for Fiscal Years 2022 and 2023. Fiscal Year 2022 was recertified from 14.09 percent to 13.33 percent and Fiscal Year 2023 from 13.86 percent to 13.11 percent. The bond proceeds were received by KPERS on August 26, 2021.

COST-SHARING MULTIPLE-EMPLOYER DEFINED BENEFIT PENSION PLAN**

Notes to Schedules of Employer and Nonemployer Allocations and
Schedules of Pension Amounts by Employer and Nonemployer

As of and for the year ended June 30, 2023

The 2022 Legislature passed S.B. 421, which authorized the state of Kansas to transfer \$1.125 billion from the State General Fund directly to KPERS in Fiscal Years 2022 and 2023. The first \$253.9 million pays off the outstanding accounts receivable for KPERS-School employer contributions withheld in Fiscal Year 2017 and Fiscal Year 2019, discussed previously, while the remaining \$871.1 million is applied to the KPERS-School unfunded actuarial liability. In Fiscal Year 2022, \$600.0 million was transferred to the System. S.B. 421 authorized two additional transfers totaling \$271.0 million in Fiscal Year 2023 (reflected in the projected cash flows of the System).

Based on the employer contribution history described above, it is a reasonable assumption that the State/School group's contribution rate may not be certified at the statutory rate at some point in the future. It has been assumed that the contribution rates will be made within the same range as have been seen in the past few years. Using this assumption, actuarial modeling indicates that employer contribution rates for the State/School group are sufficient to avoid a depletion date.

The Local, Kansas Police and Firemen, and Judges groups are contributing at the full actuarial contribution rate.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability of the Pension Plan as of June 30, 2023, calculated using the discount rate of 7.00 percent, as well as what the Pension Plan's net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (6.00 percent) or 1 percentage point higher (8.00 percent) than the current rate:

	1.00% decrease (6.00%)	Current discount rate (7.00%)	1.00% increase (8.00%)

(5) Special Funding Situation

The employer contributions for non-public school district schools, as defined in K.S.A. 74-4931 (2) and (3), are funded by the State of Kansas on behalf of these employers. Therefore, these employers, area vocational-technical schools and community junior colleges, are considered to be in a special funding situation as defined by GASB Statement No. 68. The State is treated as a nonemployer contributing entity in the System. Since these employers do not contribute directly to the System for active employees, there is no net pension liability or deferred inflows or outflows to report in the financial statements for active employees. The notes to their financial statements must disclose the portion of the nonemployer contributing entities' total proportionate share of the collective net pension liability that is associated with the non-public school district employer. In addition, each non-public school district employer must recognize the pension expense associated with their employer as well as revenue in an amount equal to the nonemployer contributing entities' total proportionate share of the collective pension expense associated with their employer.

A number of these employers make contributions directly to KPERS for KPERS retirees filling KPERS covered positions per K.S.A. 74-4937, "working after retirement" employees. The resulting proportional share of these agencies' "working after retirement" contributions and resulting net pension liability are attributable to the employer. These amounts are reflected separately in the schedules.

(6) Collective Deferred Outflows of Resources and Deferred Inflows of Resources

A summary of the collective deferred outflows of resources and deferred inflows of resources as of June 30, 2023, are in the tables on the next page. Experience gains/losses and the impact of changes in actuarial assumptions or other inputs, if any, are recognized over the average expected remaining service life of the active and inactive plan members at the beginning of the measurement period. Investment gains and losses are recognized over a fixed five-year period. Deferrals on the differences between expected and actual earnings on investments are netted as either a deferred outflow or inflow of resources.
