INDEPENDENT AUDITORS' REPORT

The Members of the State of New Mexico
Educational Retirement Board and
Honorable Wayne Johnson, State Auditor
New Mexico Educational Retirement Board
Santa Fe, New Mexico

Report on Schedules

We have audited the accompanying schedule of employer allocations of the New Mexico Educational Retirement Board (ERB), as of and for the year ended June 30, 2017, and the related notes.

We have also audited the total for all entities of the columns titled net pension liability, total deferred outflows of resources, total deferred inflows of resources, and total employer pension expense as of and for the year ended June 30, 2017 (specified column totals), included in the accompanying schedule of pension amounts by employer, and the related notes.

Management's Responsibility for the Schedules

Management is responsible for the preparation and fair presentation of these schedules in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the schedules that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the schedule of employer allocations and the specified column totals included in the schedule of pension amounts by employer based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the schedule of employer allocations and specified column totals included in the schedule of pension amounts by employer are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the schedule of employer allocations and specified column totals included in the schedule of pension amounts by employer. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the schedule of allocations and the specified column totals in the schedule of pension amounts by employer, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the schedule of employer allocations and specified column totals included in the schedule of pension amounts by employer in order to design audit procedures that are appropriate in

the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the schedule of employer allocations and specified column totals included in the schedule of pension amounts by employer.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the schedules referred to above present fairly, in all material respects, the employer allocations and the total for all ERB participating entities of the columns titled net pension liability, total deferred outflows of resources, total deferred inflows of resources, and total employer pension expense as of and for the year ended June 30, 2017, in accordance with accounting principles generally accepted in the United States of America.

Other Matters

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of ERB as of and for the year ended June 30, 2017, and our report thereon, dated November 22, 2017, expressed an unmodified opinion on those statements.

Supplementary information

Our audit was conducted for the purpose of forming an opinion on the schedule of employer allocations and the specified column totals included in the schedule of pension amounts by employer. The schedules of deferred pension amortization by employer, net pension liability sensitivity by employer and exit conference, (supplementary information), as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the schedule of employer allocations and the specified column totals included in the schedule of pension amounts by employer.

The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the schedule of employer allocations and the specified column totals included in the schedule of pension amounts by employer. Such information has been subjected to the auditing procedures applied in the audit of the schedule of employer allocations and the specified column totals included in the schedule of pension amounts by employer and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the schedule of employer allocations and the specified column totals included in the schedule of pension amounts by employer or to the schedule of employer allocations and the specified column totals included in the schedule of pension amounts by employer themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the schedule of employer allocations and the specified column totals included in the schedule of pension amounts by employer as a whole.

The Members of the State of New Mexico
Educational Retirement Board and
Honorable Wayne Johnson, State Auditor
New Mexico Educational Retirement Board

Restriction on Use

Our report is intended solely for the information and use of ERB management, Members of the State of New Mexico Educational Retirement Board, the State of New Mexico Legislature, and ERB's participating employers and their auditors and is not intended to be and should not be used by anyone other than these specified parties.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 5, 2018 on our consideration of ERB's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of ERB's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering ERB's internal control over financial reporting and compliance.

STATE OF NEW MEXICO EDUCATIONAL RETIREMENT BOARD

NOTES TO THE SCHEDULES

Note 1 General Description of the Board and Retirement Plan

Background – The New Mexico Legislature passed the Educational Retirement Act (ERA) in 1957, establishing the New Mexico Educational Retirement Board (NMERB) Board of Trustees to administer the Educational Employees Retirement Plan (the Plan). The Plan is a cost-sharing, multiple-employer pension plan established to provide retirement and disability benefits for certified teachers and other employees of the state's public schools, institutions of higher learning, and state agencies providing educational programs. Additional tenets of the ERA can be found in Section 22-11-1 through 22-11-52, NMSA 1978, as amended.

Reporting Entity – The Plan administered by NMERB is a pension trust fund of the State of New Mexico. The ERA assigns the authority to establish and amend benefit provisions to a seven-member Board of Trustees (Board); the state legislature has the authority to set or amend contribution rates and other terms of the Plan. NMERB is self-funded through investment income and educational employer contributions. The Plan does not receive General Fund Appropriations from the State of New Mexico.

The ERA defines the governing Board of Trustees for NMERB per Section 22-11-3 NMSA, 1978 as follows:

- The Secretary of Public Education, or a designee of the secretary who is a resident of New Mexico, is a current employee of the Public Education Department, and possesses experience relevant to the financial or fiduciary aspects of pension or investment fund management;
- The State Treasurer, or a designee of the Treasurer who is a resident of New Mexico, is a current employee of the State Treasurer's Office, and possesses experience relevant to the financial or fiduciary aspects of pension or investment fund management;
- One member to be elected for a term of four years by the members of the New Mexico Association of Educational Retirees;
- One member to be elected for a term of four years by the members of the National Education Association of New Mexico;
- One member to be elected for a term of four years by the New Mexico members of the American Association of University Professors; and
- Two members to be appointed by the Governor for terms of four years each; each member appointed shall have a background in investments, finance, or pension fund administration.

Pension Benefit – A member's retirement benefit is determined by a formula, which includes three component parts: 1) the member's final average salary (FAS), 2) the number of years of service credit, and 3) a 0.0235 multiplier. The FAS is the average of the member's salaries for the last five years of service or any other consecutive five-year period, whichever is greater.

STATE OF NEW MEXICO EDUCATIONAL RETIREMENT BOARD
NOTES TO THE SCHEDULES

Note 1 General Description of the Board and Retirement Plan – Continued

Summary of Retirement Eligibility – For members employed before July 1, 2010, a member is eligible to retire when one of the following events occurs:

- The member's age and earned service credit add up to the sum of 75 or more,
- The member is at least sixty-five years of age and has five or more years of earned service credit, or
- The member has service credit totaling 25 years or more.

Chapter 288, Laws of 2009 changed the eligibility requirements for new members first employed on or after July 1, 2010 and before July 1, 2013. The eligibility for a member who either becomes a new member on or after July 1, 2010 and before July 1, 2013, or at any time prior to July 1, 2010 was refunded all member contributions and then became re-employed after July 1, 2010 is as follows:

- The member's age and earned service credit add up to the sum of 80 or more,
- The member is at least sixty-seven years of age and has five or more years of earned service credit, or
- The member has service credit totaling 30 years or more.

Section 2-11-23.2, NMSA, 1978 added eligibility requirements for new members who were first employed on or after July 1, 2013, or who were employed before July 1, 2013 but terminated employment and subsequently withdrew all contributions, and returned to work for an ERB employer on or after July 1, 2013. These members must meet one of the following requirements:

- The member's minimum age is 55, and has earned 30 or more years of service credit. Those who retire earlier than age 55, but with 30 years of earned service credit will have a reduction in benefits to the actuarial equivalent of retiring at age 55,
- The member's minimum age and earned service credit add up to the sum of 80 or more. Those who retire under the age of 65, and who have fewer than 30 years of earned service credit will receive reduced retirement benefits,
- The member's age is 67, and has earned 5 or more years of service credit.

Forms of Payment – The benefit is paid as a monthly life annuity with a guarantee that, if the payments do not exceed the member's accumulated contributions plus accumulated interest, determined as of the date of retirement, the balance will be paid in a lump sum to the member's surviving beneficiary. Retirees may elect payment of benefits in the form of a single life annuity, joint 100% survivor benefit, or joint 50% survivor benefit.

STATE OF NEW MEXICO EDUCATIONAL RETIREMENT BOARD

NOTES TO THE SCHEDULES

Note 1 General Description of the Board and Retirement Plan – Continued

Disability Benefit – An NMERB member is eligible for disability benefits if they have acquired at least ten years of earned service credit and is found totally disabled. The disability benefit is equal to 2% of the member's FAS multiplied by the number of years of total service credits. However, the disability benefit shall not be less than the smaller of (a) one-third of the member's FAS or (b) 2% of the member's FAS multiplied by total years of service credit projected to age 60.

Employer Contributions – Employer contributions to the Plan are calculated on creditable compensation for active members reported to NMERB by participating employers. Employer contributions are accrued when earned. Employers are required per Section 22-11-21, NMSA 1978 to remit contributions equal to fixed percentages of qualifying compensation. The Schedule of Employer Allocations reflects employer contributions reported for the year ended June 30, 2017.

Note 2 Basis of Accounting and Measurement Focus

The schedules are presented in accordance with the standards issued by the Governmental Accounting Standards Board (GASB). As prescribed by GASB they are reported using the economic resources measurement focus and the accrual basis of accounting. Employer contributions are recognized in the period for which the member's services were performed.

For the purposes of measuring the net pension liability, deferred outflows and inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the NMERB and additions to and deductions from NMERB's fiduciary net position have been determined on the same basis as they were reported by NMERB. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

The preparation of the schedules in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts and disclosures for the reporting period. Actual results could differ from those estimates.

Note 3 Net Pension Liability

The net pension liability was measured as of June 30, 2017 based on an actuarial valuation of the total pension liability performed as of June 30, 2016. The components of the net pension liability as of June 30, 2017 and covered payroll for the year then ended are presented on the next page:

STATE OF NEW MEXICO EDUCATIONAL RETIREMENT BOARD

NOTES TO THE SCHEDULES

Note 3 Net Pension Liability – Continued

Total pension liability	\$ 23,622,824,127
Plan fiduciary net position	(12,509,355,910)
Employer net pension liability	<u>\$ 11,113,468,217</u>

Plan fiduciary net position as a percent of total pension liability 52.95 %

Covered payroll \$ 2,728,361,993

Net pension liability as a percentage of covered payroll 407.33 %

Note 4 Actuarial Assumptions

The total pension liability in the actuarial valuation as of June 30, 2016 was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial Cost Method	Entry age normal
Inflation	3.00%
Salary Increases	Composed of 3.00% inflation, plus 0.75% productivity increase rate, plus step-rate promotional increases for less than ten years of service
Investment Rate of Return	7.25%
Single Discount Rate	5.90%
Retirement Age	Experience based table of rates based on age and service. Adopted by NMERB on June 12, 2015 in conjunction with the six-year experience study for the period ended June 30, 2014.
Mortality	Healthy Males – RP-2000 Combined Mortality Table with white collar adjustments, generational mortality improvements with scale BB. Healthy Females – GRS Southwest Region Teacher Mortality Table, set back one year, generational mortality improvements in accordance with scale BB from the table's base year of 2012.

STATE OF NEW MEXICO EDUCATIONAL RETIREMENT BOARD

NOTES TO THE SCHEDULES

Note 4 Actuarial Assumptions – Continued

The liabilities reflect the impact of Senate Bill 115, signed into law on March 29, 2013, and new assumptions adopted by the Board of Trustees on June 12, 2015 in conjunction with the six-year experience study period ended June 30, 2014. Specifically, the liabilities measured as of June 30, 2016 incorporate the following assumptions:

- All members with annual salary of more than \$20,000 will contribute 10.70% during the fiscal year ending June 30, 2015 and thereafter,
- Members hired after June 30, 2013 will have an actuarially reduced retirement benefit if they retire before age 55 and their COLA will be deferred until age 67,
- COLAs for most retirees are reduced until NMERB attains a 100% funded status, and
- For purposes of projecting future benefits, it is assumed that the full COLA is paid in all future years.

Basis for Allocation – The employers' proportionate share, reported in the Schedule of Employer Allocations, is calculated using employer contributions for employers that were members of NMERB, as of June 30, 2017.

Rate of Return – The long-term expected rate of return on pension plan investments is determined annually using a building-block approach that includes the following: 1) rate of return projections are the sum of current yield plus projected changes in price (valuation, defaults, etc.); 2) application of key economic projections (inflation, real growth, dividends, etc.); and 3) structural themes (supply and demand imbalances, capital flows, etc.) developed for each major asset class.

Discount Rate – A single discount rate of 5.90% was used to measure the total pension liability as of June 30, 2017. This discount rate was based on an expected rate of return on pension plan investments of 7.25% and a municipal bond rate of 3.56%. Based on the stated assumptions and the projection of cash flows, the Plan's fiduciary net position and future contributions were sufficient to finance the benefit payments through the year 2053. As a result, the long-term expected rate of return on pension plan investments was applied to projected benefit payments through the 2053 fiscal year, and the municipal bond rate was applied to all benefit payments after that date.

Sensitivity of the Net Pension Liability – The following table shows the sensitivity of the net pension liability to changes in the discount rate as of June 30, 2017. In particular, the table presents the Plan's net pension liability if it were calculated using a discount rate one percentage point lower (4.90%) or one percentage point higher (6.90%) than the single discount rate.

Total	<u>\$ 3,264,189,527</u>	<u>\$ 172,737,989</u>	<u>\$ 3,091,451,538</u>

Changes in Proportion – The totals shown above do not include employer-specific deferred outflows of resources and deferred inflows of resources related to changes in proportion. These amounts should be recognized (amortized) by each employer over the average of the expected remaining service lives of all plan members, which is as follows.

Fiscal Year	2017	2016	2015	2014
Service Lives in Years	3.65	3.77	3.92	3.88

Note 6 Investments and Expected Rate of Return

NMERB is authorized to invest or reinvest the fund in accordance with the Uniform Prudent Investor Act Section 45-7-601 NMSA 1978. Key provisions per the Uniform Prudent Investor Act are summarized below. Provisions of the Act:

- Set a higher standard of care and prudence for investments, above and beyond the previous standard and guiding principles of law,
- Apply to the trust as a whole, rather than individual investments,
- Require investment strategy to be based on suitable risk and reward strategies, and
- Require diversification unless the trustees reasonably determine it is not in the best interest of the fund.

Asset Allocation Policy – NMERB has adopted a strategic Asset Allocation Plan, containing weights, ranges, and benchmarks for each asset class. Over time this strategy is expected to achieve NMERB's assumed overall rate of return on Plan assets of 7.25 percent. Achieving

the target weights is a long-term goal. In the short term, a particular asset position may represent an intermediate point in the process of attaining its target weight.

NMERB's investment allocation policy was reviewed and amended by the Board of Trustees on August 26, 2016. Plan assets are managed on a total return basis with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the pension plan. The following schedule shows the asset allocation policy adopted on August 26, 2016 as well as the prior allocation policy targets.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
SCHEDULES PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

The Members of the State of New Mexico
Educational Retirement Board and
Honorable Wayne Johnson, State Auditor
New Mexico Educational Retirement Board
Santa Fe, New Mexico

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the accompanying schedule of employer allocations of the New Mexico Educational Retirement Board (ERB), as of and for the year ended June 30, 2017, and the related notes.

We have also audited the total for all entities of the columns titled net pension liability, total deferred outflows of resources, total deferred inflows of resources, and total employer pension expense as of and for the year ended June 30, 2017 (specified column totals), included in the accompanying schedule of pension amounts by employer, and the related notes.

We have issued our report thereon dated June 5, 2018.

Internal Control Over Financial Reporting

In planning and performing our audits of the schedule of employer allocations and the specified column totals included in the schedule of pension amounts by employer, we considered ERB's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the schedule of employer allocations and the specified column totals included in the schedule of pension amounts by employer, but not for the purpose of expressing an opinion on the effectiveness of ERB's internal control. Accordingly, we do not express an opinion on the effectiveness of ERB's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's schedules will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The Members of the State of New Mexico
Educational Retirement Board and
Honorable Wayne Johnson, State Auditor
New Mexico Educational Retirement Board

Compliance and Other Matters

As part of obtaining reasonable assurance about whether ERB's financial schedule and specified column totals are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of the schedule of employer allocations and the specified column totals in the schedule of pension amounts by employer. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
