Report of Independent Auditors

Board of Directors
New Mexico Educational Retirement Board

Mr. Joseph M. Maestas, P.E.
New Mexico State Auditor

Report on the Audit of the Schedules

Opinions

We have audited the schedule of employer allocations of New Mexico Educational Retirement Board (NMERB), a fiduciary fund of the State of New Mexico, as of June 30, 2022, and the related notes. We have also audited the totals for all employers of the columns titled net pension liability as of June 30, 2022, deferred outflows of resources, deferred inflows of resources, and pension expense (income) as of and for the year ended June 30, 2022, included in the accompanying schedule of New Mexico Educational Retirement Board pension amounts by employer (specified column totals), and the related notes.

In our opinion, the accompanying schedules referred to above present fairly, in all material respects, the employer allocations of New Mexico Educational Retirement Board as of June 30, 2022 and the totals for all New Mexico Educational Retirement Board employers of the columns titled net pension liability, deferred outflows of resources, deferred inflows of resources, and pension expense (income) as of and for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards (Government Auditing Standards)*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Schedules section of our report. We are required to be independent of NMERB and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Schedules

Management is responsible for the preparation and fair presentation of the schedules in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of schedules that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Audit of the Schedules

Our objectives are to obtain reasonable assurance about whether the schedules as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the schedules.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the schedules, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the schedules.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of NMERB's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the schedules.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about NMERB's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Financial Statements

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of New Mexico Educational Retirement Board as of and for the year ended June 30, 2022, and our report thereon dated November 22, 2022 expressed an unmodified opinion on those financial statements.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the schedules. The schedule of deferred pension amortization by employer, and net pension liability sensitivity by employer (collectively, the supplementary information) are presented for purposes of additional analysis and are not a required part of the schedule of employer allocations and the specified column totals included in the schedule of pension amounts by employer. The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the schedules. The information has been subjected to the auditing procedures applied in the audit of the schedule of employer allocations and the specified column totals included in the schedule of pension amounts by employer and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the schedules or to the schedules themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the schedule of employer allocations and the specified column totals included in the schedule of pension amounts by employer as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated June 7, 2023 on our consideration of New Mexico Educational Retirement Board 's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of New Mexico Educational Retirement Board 's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering New Mexico Educational Retirement Board 's internal control over financial reporting and compliance.

Note 1 General Description of the Board and Retirement Plan

Background – The New Mexico Legislature passed the Educational Retirement Act (ERA) in 1957, establishing the NMERB Board of Trustees to administer the Educational Employees Retirement Plan (Plan). The Plan is a cost-sharing, multiple-employer pension plan established to provide retirement and disability benefits for certified teachers and other employees of the state’s public schools, institutions of higher learning, and state agencies providing educational programs. Additional tenets of the ERA can be found in Section 22-11-1 through 22-11-52, NMSA 1978, as amended.

Reporting Entity – The Plan administered by NMERB is a pension trust fund of the State of New Mexico. The ERA assigns the authority to establish and amend benefit provisions to a nine-member Board of Trustees (Board); the state legislature has the authority to set or amend contribution rates and other terms of the Plan which is a pension benefit trust fund of the State of New Mexico. NMERB is self-funded through investment income and educational employer contributions. The Plan does not receive General Fund Appropriations from the State of New Mexico.

The ERA defines the governing Board of Trustees for NMERB per Section 22-11-3, NMSA 1978, as follows:

- Secretary of the Public Education Department (PED), or a designee of the secretary who is a resident of New Mexico, a current employee of PED, and possesses experience relevant to the financial or fiduciary aspects of pension or investment fund management.
- State Treasurer, or a designee of the Treasurer who is a resident of New Mexico, a current employee of the State Treasurer’s Office, and possesses experience relevant to the financial or fiduciary aspects of pension or investment fund management.
- One member to be elected for a term of four years by the members of the New Mexico Association of Educational Retirees.
- One member to be elected for a term of four years by the members of the National Education Association of New Mexico.
- One member to be elected for a term of four years by the members of the New Mexico members of the American Association of University Professors.
- Two members to be appointed by the Governor for terms of four years each. Each member appointed shall have a background in investments, finance or pension fund administration.
- One member to be elected for a term of four years by the members of the American Federation of Teachers New Mexico.
- Secretary of Higher Education, or a designee of the secretary who is a resident of New Mexico, is a current employee of the higher education department, and possesses experience relevant to the financial or fiduciary aspects of pension or investment fund management.

Note 1 General Description of the Board and Retirement Plan – Continued

Pension Benefit – A member's retirement benefit is determined by a formula, which includes three component parts: 1) the member's final average salary (FAS), 2) the number of years of service credit, and 3) a multiplier, which for those who began employment prior to July 1, 2019, is 0.0235. The multiplier is variable for those who began work after July 1, 2019. The FAS is the average of the member's salaries for the last five years of service or any other consecutive five-year period, whichever is greater.

Summary of Retirement Eligibility – For members employed before July 1, 2010, a member is eligible to retire when one of the following events occurs:

- The member's age and allowable service credit add up to the sum of 75 or more. Those who retire under the age of 60, and who have fewer than 25 years of earned service credit will receive reduced retirement benefits, or
- The member is at least sixty-five years of age and has five or more years of earned service credit, or
- The member has service credit totaling 25 years or more.

Chapter 288, Laws of 2009 changed the eligibility requirements for new members first employed on, or after, July 1, 2010, and before July 1, 2013. The eligibility for a member who either becomes a new member on or after July 1, 2010, and before July 1, 2013, or at any time prior to July 1, 2010, was refunded all member contributions and then becomes re-employed after July 1, 2010 is as follows:

- The member's age and earned service credit add up to the sum of 80 or more. Those who retire under the age of 65, and who have fewer than 30 years of earned service credit will receive reduced retirement benefits, or
- The member is at least sixty-seven years of age and has five or more years of earned service credit, or
- The member has service credit totaling 30 years or more.

Section 22-11-23.2, NMSA 1978 added eligibility requirements for new members who were first employed on or after July 1, 2013, or who were employed before July 1, 2013, but terminated employment and subsequently withdrew all contributions and returned to work for an NMERB employer on or after July 1, 2013. These members must meet one of the following requirements.

Note 1 General Description of the Board and Retirement Plan – Continued

- The member's minimum age is 55 and has earned 30 or more years of service credit. Those who retire earlier than age 55, but with 30 years of earned service credit will have a reduction in benefits to the actuarial equivalent of retiring at age 55.
- The member's age and earned service credit add up to the sum of 80 or more. Those who retire under the age of 65, and who have fewer than 30 years of earned service credit will receive reduced retirement benefits, or
- The member's age is 67 and has earned five or more years of service credit.

Section 22-11-23.3, NMSA 1978 added eligibility requirements for new members who were first employed on or after July 1, 2019, or who were employed before July 1, 2019, but terminated employment and subsequently withdrew all contributions and returned to work for an NMERB employer on or after July 1, 2019. These members must meet one of the following requirements.

- The member is any age and has thirty or more years of earned service credit.
- The member is at least 67 years of age and has 5 or more years of earned service credit.
- The sum of the member's age and years of earned service credit equals at least eighty.

Forms of Payment – The benefit is paid as a monthly life annuity with a guarantee that, if the payments do not exceed the member's accumulated contributions plus accumulated interest, determined as of the date of retirement, the balance will be paid in a lump sum to the member's surviving beneficiary. Retirees may elect payment of benefits in the form of a straight life benefit, joint 100% survivor benefit, or joint 50% survivor benefit.

Disability Benefit – An NMERB member is eligible for disability benefits if they have acquired at least ten years of earned service credit and is found totally disabled. The disability benefit is equal to 2% of the member's FAS multiplied by the number of years of total service credits. However, the disability benefit shall not be less than the smaller of (a) one-third of the member's FAS or (b) 2% of the member's FAS multiplied by total years of service credit projected to age 60.

Employer Contributions – Employer contributions to the Plan are calculated on creditable compensation for active members reported to NMERB by participating employers. Employer contributions are accrued when earned. Employers are required per Section 22-11-21, NMSA 1978, to remit contributions equal to fixed percentages of qualifying compensation. This Schedule of Employer Allocations reflects employer contributions reported for the year ended June 30, 2022.

Note 2 Basis of Accounting and Measurement Focus

The schedules are presented in accordance with the standards issued by the Governmental Accounting Standards Board (GASB). As prescribed by GASB, they are reported using the economic resources measurement focus and the accrual basis of accounting. Employer contributions are recognized in the period for which the member's services were performed.

For the purposes of measuring the net pension liability, deferred outflows and inflows of resources related to pensions, and pension (income)/expense, information about the fiduciary net position of the NMERB and additions to and deductions from NMERB's fiduciary net position have been determined on the same basis as they were reported by NMERB. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

The preparation of the schedules, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect certain amounts and disclosures for the reporting period. Actual results could differ from those estimates.

Note 3 Net Pension Liability

The net pension liability, as of June 30, 2022, was based on an actuarial valuation of the total pension liability performed as of June 30, 2021, rolled forward to the plan year ending June 30, 2022 using generally accepted actuarial principles. There were no significant events or changes in benefit provisions that required an adjustment to the roll-forward liabilities as of June 30, 2022. The components of the net pension liability as of June 30, 2022, and covered payroll for the year then ended are presented below:

	2022
Total pension liability	\$ 23,972,413,185
Plan fiduciary net position	<u>(15,550,701,708)</u>
Net pension liability	<u>\$ 8,421,711,477</u>
Plan fiduciary net position as a percent of total pension liability	64.87 %
Covered employee payroll	\$ 3,214,177,618
Net pension liability as a percentage of covered employee payroll	262.02 %

State of New Mexico Educational Retirement Board
Notes to the Schedules

Note 4 Actuarial Assumptions and Methods

The total pension liability as of June 30, 2022, was based on an actuarial valuation as of June 30, 2021, rolled forward to June 30, 2022 and was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial Cost Method	Entry Age Normal
Amortization Method	Level Percentage of Payroll
Remaining Amortization Period	Amortized over a closed 30-year period from June 30, 2019, ending June 30, 2049
Asset Valuation Method	5-year smoothed market
Inflation	2.30%
Salary Increases	Composed of 2.30% inflation, 0.70% productivity increase rate, plus step-rate promotional increases for members with less than 15 years of service
Investment Rate of Return	7.00%
Retirement Age	Experience-based table of rates based on age and service. Adopted by the Board on April 17, 2020, in conjunction with the six-year experience study for the period ending June 30, 2019.
Mortality	Healthy Males: 2020 GRS Southwest Region Teacher Mortality Table, set back one year and scaled at 95%. Generational mortality improvements in accordance with the Ultimate MP scales are projected from the year 2020. Healthy Females: 2020 GRS Southwest Region Teacher Mortality Table, set back one year. Generational mortality improvements in accordance with the Ultimate MP scales are projected from the year 2020.

Note 4 Actuarial Assumptions and Methods – Continued

Basis for Allocation – The employers’ proportionate share, reported in the Schedule of Employer Allocations, is calculated using employer contributions for employers that were members of NMERB, as of June 30, 2022.

Rate of Return – The long-term expected rate of return on pension plan investments is determined annually using a building-block approach that includes the following: 1) rate of return projections are the sum of current yield plus projected changes in price (valuation, defaults, etc.); 2) application of key economic projections (inflation, real growth, dividends, etc.); and 3) structural themes (supply and demand imbalances, capital flows, etc.) developed for each major asset class.

Discount Rate – A single discount rate of 7.00% was used to measure the Total Pension Liability as of June 30, 2022. This single discount rate was based on the expected rate of return on pension plan investments of 7.00% and a municipal bond rate of 3.69%. Based on the stated assumptions and the projection of cash flows, the pension plan’s fiduciary net position and future contributions were sufficient to finance all projected future benefit payments of current plan members. As a result, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The projection of cash flows used to determine this single discount rate assumed that plan member and employer contributions will be made at the current statutory levels. Additionally, contributions received through Alternative Retirement Plan and the Return-to-Work Program are included in the projection of cash flows. These contributions are assumed to remain a level percentage of NMERB payroll, where the percentage of payroll is based on the most recent five-year contribution history.

Sensitivity of the Net Pension Liability – The following table provides the sensitivity of the net pension liability to changes in the discount rate as of June 30, 2022. In particular, the table presents the Plan’s net pension liability, if it were calculated using a single discount rate that is one percentage point lower (6.00%) or one percentage point higher (8.00%) than the single discount rate:

Fiscal Year	Discount Rate	1% Decrease 6.00%	Current Single Rate Assumption	1% Increase 8.00%
2022	7.00%	\$11,419,137,344	\$8,421,711,477	\$5,944,381,908

State of New Mexico Educational Retirement Board
Notes to the Schedules

Note 5 Collective Financial Information

Collective Pension Expense – The components of allocable pension expense for the measurement year ended June 30, 2022 (excluding employer-specific pension expense for changes in proportion) are as follows:

Expense	
Total service cost	\$ 431,265,638
Interest on the total pension liability	1,610,270,664
Current-period benefit changes	-
Member contributions	(347,917,165)
Adjustments to member contributions due to timing differences	629,817
Projected earnings on plan investments	(1,128,694,480)
Administrative expense	12,981,666
Other changes in plan fiduciary net position	-
Recognition of deferred outflows of resources due to liabilities	85,923,790
Recognition of deferred inflows of resources due to assets	(105,279,293)
Total pension expense	<u>\$ 559,180,637</u>

The pension expense ultimately allocated to the individual employers may be adjusted for differences between the total employer contributions reported in ERB's financial statements and the sum of the contributions reported by employer. Differences in these amounts may arise due to timing difference related to the fiscal year in which contributions are reported by ERB.

Collective Deferred Outflows of Resources and Deferred Inflows of Resources –

For the measurement year ended June 30, 2022, the following presents a summary of the changes in the collective deferred outflows of resources and deferred inflows of resources (excluding employer specific amounts):

New Deferred Outflows and Inflows of Resources by Source Established in Fiscal Year

	Outflows of Resources	Inflows of Resources	Net Outflows of Resources

Changes in Proportion – The totals shown above do not include employer-specific deferred outflows of resources and deferred inflows of resources related to changes in proportion. These amounts should be recognized (amortized) by each employer over the average of the expected remaining service lives of all plan members, which is as follows.

Fiscal Year	<u>2022</u>	<u>2021</u>	<u>2020</u>	<u>2019</u>	<u>2018</u>
Service Lives in Years	3.33	3.38	3.43	3.55	3.56

Note 6 Employer Contributions

The proportionate shares for each NMERB employer were calculated on the basis of employer contributions actually remitted to NMERB for the fiscal year ended June 30, 2022. Employer contributions that are not representative of future contribution effort are adjusted in the determination of employers' proportionate shares. An example of employer contributions that are not representative of future contribution effort are contributions made by employers who opened during a fiscal year and did not make contributions for the full year. In cases where contributions are not made for a full year, the actual contributions may need to be annualized. For the fiscal year ended June 30, 2022, three schools opened, so their employer contributions were annualized to determine their proportionate share:

Employer Name	Employer Code	Employer Contributions	Annualized Employer Contributions	Additional Contributions Due to Annualization
Rio Grande Academy of Fine Arts	02445	\$ 25,452	\$ 101,808	\$ 76,356

				<u>\$ 891,717</u>

Note 6 Employer Contributions – Continued

The following table provides a reconciliation of the employer contributions—reported in the 2022 Annual Comprehensive Financial Report’s Statement of Changes in Fiduciary Net Position—to the employer contributions used to determine the employers’ proportionate shares of collective pension amounts reported in the Schedules of Employer Allocations. The fiscal year 2022 ACFR can be found on NMERB’s website at http://www.nmerb.org/Annual_reports.html.

Add Adjustments to member contributions due to timing differences	<u>629,823</u>
Employer Contributions Used as the Basis for Allocating Employers' Proportionate Shares of Collective Pension Amounts	<u><u>\$ 513,465,528</u></u>

Note 7 Investments and Expected Rate of Return

NMERB is authorized to invest or reinvest the fund in accordance with the Uniform Prudent Investor Act Section 45-7-601, NMSA 1978. Key provisions per the Uniform Prudent Investor Act are summarized below:

- Set a higher standard of care and prudence for investments, above and beyond the previous standard and guiding principles of law,
- Apply to the trust as a whole, rather than individual investments,
- Require investment strategy to be based on suitable risk and reward strategies, and
- Require diversification unless the trustees reasonably determine it is not in the best interest of the fund.

Asset Allocation Policy – NMERB has adopted a strategic Asset Allocation Plan, containing weights, ranges, and benchmarks for each asset class. Over time this strategy is expected to achieve NMERB's assumed overall rate of return on Plan assets of 7.00%. Achieving the target weights is a long-term goal. In the short term, a particular asset position may represent an intermediate point in the process of attaining its target weight.

Asset allocation is the greatest determinant of fund performance. The NMERB's Investment Committee uses the target asset allocation plan approved by NMERB's Trustees to carry out its responsibilities in conjunction with analyses of the Fund's long-term liabilities. The latest analysis can be found at <https://www.nmerb.org/investments/>. The Investment Committee and NMERB staff regularly monitor the position of the Fund relative to the target allocations, periodically rebalancing among classes to maintain prescribed relationships. The Investment Committee reviews NMERB's investment policies annually with respect to target allocation guidelines.

NMERB's investment policy is available on NMERB's website at <https://www.nmerb.org/investments/investment-policies/>.

Report of Independent Auditors on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Schedules Performed in Accordance with *Government Auditing Standards*

Board of Directors
New Mexico Educational Retirement Board

Mr. Joseph M. Maestas, P.E.
New Mexico State Auditor

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the schedule of employer allocations of New Mexico Educational Retirement Board, a fiduciary fund of the State of New Mexico as of June 30, 2022 and the related notes. We have also audited the totals for all employers of the columns titled net pension liability as of June 30, 2022, and deferred outflows of resources, deferred inflows of resources, and pension expense (income) as of and for the year ended June 30, 2022, included in the accompanying schedule of pension amounts by employer (specified column totals) and have issued our report thereon dated June 7, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the schedules, we considered New Mexico Educational Retirement Board's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the schedules, but not for the purpose of expressing an opinion on the effectiveness of New Mexico Educational Retirement Board's internal control. Accordingly, we do not express an opinion on the effectiveness of New Mexico Educational Retirement Board's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether New Mexico Educational Retirement Board's schedules are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the schedules. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
