

JASON E. MUMPOWER
Comptroller

Independent Auditor's Report

Members of the Board of Trustees
The Honorable David H. Lillard, Jr., Treasurer

Opinion

We have audited the accompanying Schedule of Employer Allocations of the Teacher Legacy Pension Plan of the Tennessee Consolidated Retirement System (TCRS), as of and for the year ended June 30, 2022, and the related notes. We have also audited the total for all entities of the columns titled "Net pension liability", "Total deferred outflows of resources", "Total deferred inflows of resources", and "Total pension expense" (specified column totals) included in the accompanying Schedule of Pension Amounts by Employer of the Teacher Legacy Pension Plan of the TCRS as of and for the year ended June 30, 2022, and related notes.

In our opinion, the schedules referred to above present fairly, in all material respects, the employer allocations and net pension liability, total deferred outflows of resources, total deferred inflows of resources, and total pension expense for the total of all entities participating in the Teacher Legacy Pension Plan of the TCRS as of and for the year ended June 30, 2022, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Schedule section of our report. We are required to be independent of the TCRS and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion. Tennessee statutes, in addition to audit responsibilities, entrust certain other responsibilities to the Comptroller of the Treasury. Those responsibilities include serving as a member of the board of directors of TCRS. We do not believe that the Comptroller's service in this capacity affected our ability to conduct an independent audit of the Schedules.

Responsibilities of Management for the Schedule

Management is responsible for the preparation and fair presentation of these schedules in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the schedules that are free from material misstatement, whether due to fraud or error.

In preparing the Schedule, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Teacher Legacy Pension Plan's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibility for the Audit of the Schedule

Our objectives are to obtain reasonable assurance about whether the Schedule as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the Schedule, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the TCRS's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the Schedule.

- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Teacher Legacy Pension Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

We have audited, in accordance with auditing standards generally accepted in the United States of America, the financial statements of the Tennessee Consolidated Retirement System as of and for the year ended June 30, 2022, and our report thereon, dated December 16, 2022, expressed an unmodified opinion on those financial statements.

Restriction of Use

This report is intended solely for the information and use of the board of trustees for the Tennessee Consolidated Retirement System, management of the Tennessee Consolidated Retirement System, and the Teacher Legacy Pension Plan employers and their auditors. It is not intended to be and should not be used by anyone other than these specified parties.

Katherine J. Stickel, CPA, CGFM, Director
Division of State Audit

Tennessee Consolidated Retirement System
Teacher Legacy Pension Plan
Notes to the Schedule of Allocations and Pension Amounts by Employer
As of and for the year ended June 30, 2023 – Financial Statements
Actuarial Measurement Period of July 1, 2021 through June 30, 2022

Differences between Expected and Actual Experience

Experience differences pertain to non-investment economic and demographic factors. When actual non-investment economic and demographic factors are positively different than assumed, the experience difference is referred to as an experience gain. If the actual factors are negatively different than assumed, the experience difference is referred to as an experience loss.

A portion of the experience (gain)/loss is recognized in pension expense during the current year. The remaining portion is amortized in a rational method over a closed period equal to the average expected remaining service life of all active and inactive employees in the plan. The remaining average expected service life can vary from year to year depending on the underlying demographic factors considered by the actuary.

The remaining average expected service life is reflected in the “original period” column of the “Development of Deferred Outflows and Deferred Inflows” schedule in the actuarial report. Experience (gains)/losses in the current year will be amortized over the remaining average expected service life in effect at the establishment date (i.e. (gains)/losses will be tiered).

The portion of experience gains to be recognized in future periods will be reflected as a deferred inflow of resources. The portion of experience losses to be recognized in future periods will be reflected as a deferred outflow of resources. Cumulative experience deferred inflows of resources will be presented separately from cumulative experience deferred outflows of resources (i.e. cumulative deferred inflows of resources and deferred outflows of resources are not presented as a net amount).

For the year ended June 30, 2022, the Teacher Legacy Pension Plan had an experience loss of \$268,985,486 and a remaining average expected service life of four years. One-fourth of the current year experience loss, or \$67,246,372, was recognized in pension expense in the fiscal year ending June 30, 2023. The remaining experience loss of \$201,739,114 is reflected as a deferred outflow of resources and will be amortized over the next three fiscal years at the rate of \$67,246,372 per year.

Differences between Projected and Actual Investment Earnings

When actual investment earnings exceed projected investment earnings, the investment difference is referred to as an investment gain. If the actual earnings are less than projected, the investment difference is referred to as an investment loss. The projected investment earnings is currently 6.75%.

A portion of the investment (gain)/loss is recognized in pension expense during the current year. The remaining portion is amortized in a rational method over a closed five-year period.

Tennessee Consolidated Retirement System
Teacher Legacy Pension Plan
Notes to the Schedule of Allocations and Pension Amounts by Employer
As of and for the year ended June 30, 2023 – Financial Statements
Actuarial Measurement Period of July 1, 2021 through June 30, 2022

The portion of investment gains to be recognized in future periods will be reflected as a deferred inflow of resources. The portion of investment losses to be recognized in future periods will be reflected as a deferred outflow of resources. **Cumulative investment deferred inflows are presented separately from cumulative investment deferred outflows on this schedule.**

For the year ended June 30, 2022, the Teacher Legacy Pension Plan had an investment loss of \$3,236,478,526. One-fifth of the current year investment loss, or \$647,295,705, was recognized in pension expense as of June 30, 2023. The remaining investment loss of \$2,589,182,821 is reflected as a deferred outflow of resources and will be amortized over the next four fiscal years at the rate of \$647,295,705 per year.

Changes of Assumptions

Actuarial assumptions fall into two types: economic and demographic. Economic assumptions impact the amount of future expected benefits while demographic assumptions impact timing and probability of the benefit amount to be paid. Some examples of economic assumptions are: discount rate, salary, cost of living adjustments, etc. Demographic assumptions include: retirement pattern, turnover and mortality rates.

There were no assumption changes for the Teacher Retirement Plan as of the year ended June 30, 2022. The methodology used for changes of assumptions would have been the same methodology applied for differences between expected and actual experience.

Changes of Benefit Terms

Benefit terms impact the benefit payments to be provided through the pension plan. Benefit terms include automatic postemployment benefit changes and projected ad hoc postemployment benefit changes (such as automatic cost of living adjustments (COLAs) and ad hoc COLAs, projected salary changes, and projected service credits).

There were no changes of benefit terms as of the year ended June 30, 2022 for the Teacher Legacy Pension Plan. If there had been any changes of benefit terms, the effects would all be immediately recognized in pension expense.

Changes in Proportionate Share

The Teacher Legacy Pension Plan is a cost-sharing plan. As such, each year the change in proportionate share will need to be calculated for each employer participating in the cost-sharing plan. There will be no cumulative impact on the cost-sharing plan from changes in proportionate share; however, each participating employer may have an increase or decrease in proportionate share.

Tennessee Consolidated Retirement System
Teacher Legacy Pension Plan
Notes to the Schedule of Allocations and Pension Amounts by Employer
As of and for the year ended June 30, 2023 – Financial Statements
Actuarial Measurement Period of July 1, 2021 through June 30, 2022

The basis for determining each employer's current year proportion is employer contributions as a percentage of total cost-sharing plan contributions. For example, if employer contributions for the cost-sharing plan totaled \$100,000 and a specific employer's contributions totaled \$15,000, the corresponding proportionate share would be 15% ($\$15,000/\$100,000$). This proportion would be used to allocate the employer's share of the collective net pension liability (asset), collective pension expense, collective deferred inflows/outflows of resources from experience, collective deferred inflows/outflows of resources from investments, and collective deferred inflows/outflows of resources from changes of assumptions.

An employer's proportionate share may increase or decrease from one year to the next. If there is a change in the employer's proportionate share since the prior measurement period, the net effect of that change on the collective net pension liability (asset), collective deferred outflows of resources and collective deferred inflows of resources must be calculated as of the beginning of the current measurement period.

A portion of the change in proportionate share is recognized in pension expense during the current year. The remaining portion is amortized in a rational method over a closed period equal to the average expected remaining service life of all active and inactive employees in the plan.

The remaining average expected service life is reflected in the "original period" column of the "Development of Deferred Outflows and Deferred Inflows" schedule in the actuarial report. Changes in proportionate share in the current year will be amortized over the remaining average expected service life in effect at the establishment date (i.e. changes in proportionate share will be tiered) as either a deferred inflow of resources or a deferred outflow of resources. Cumulative changes in proportionate share deferred inflows of resources will be presented separately from cumulative changes in proportionate share deferred outflows of resources (i.e. cumulative deferred inflows of resources and deferred outflows of resources are not presented as a net amount).

A change in proportionate share was calculated for each employer in the Teacher Legacy Pension Plan as of the year ended June 30, 2022. The remaining average expected service life for the measurement period ended June 30, 2022 is four years. One-fourth of the calculated change in proportionate share was recognized in pension expense as of June 30, 2023. The remaining unamortized change in proportionate share is reflected as a deferred outflow of resources or a deferred inflow of resources and will be amortized over the next three fiscal years.
